### MT. SHASTA ICE AXE CLINIC Mt. Shasta, California

**General Description:** Join SWS Mountain Guides for a one-day ice axe and crampon clinic on the flanks of Mt. Shasta's Avalanche Gulch. This one-day clinic is for anyone who needs instruction in the use of crampons and ice axe, ie for anyone who is climbing a snow/ice route on Mt. Shasta! Topics include: Walking with the ice ax, ice ax self-belay, ice ax self-arrest (from all positions), crampon boot fit and adjustment, walking in crampons, flat-footing, French technique, German technique, using the front points, and glissading. This clinic is designed to give you practical instruction in all the mandatory skills you will need to climb Mt. Shasta safely and efficiently.

Whether you are climbing on your own or on our other courses this clinic is the perfect compliment/refresher for your climb. If you are taking our two day Shasta Summit climb we highly recommend taking this clinic the day before your climb.

**Location:** Mt. Shasta Wilderness Area.

**Itinerary:** After meeting at 9:00 am on the first day at our Mt. Shasta office we conduct a short pack check and issue the included gear. We will then drive to the Bunny Flat trailhead and hike to our skills area for the clinic. We will then conduct the ice axe and crampon clinic from 10:00 am to 12:00 with a break for lunch and then continuing in the afternoon from 1:00 pm to 3:00 - 4:00 pm.

**Food:** Please bring your favorite high-calorie, high-carbohydrate lunches, snacks and water.

**Prerequisites:** No previous mountaineering experience required. The better shape you are in the more enjoyable the climb will be for you!

**Level:** Beginner to Intermediate. Participants should be in good physical condition. No previous experience needed. Give us a call if you have any questions. We will be conducting the course around 6,500 to 8,000 feet in elevation so be sure to drink plenty of water before arriving on the day of the course.
