## **ACONCAGUA EXPEDITION**

**Highest Peak in Western Hemisphere**

**Normal Route**

The summit of Aconcagua (22,834 ft.) is the main objective of this 3-week expedition to the southern hemisphere. We will be attempting the regular route, which, while not requiring a high degree of technical expertise, does require a relatively high level of commitment and conditioning due to the nature of the weather and high altitude involved. It is strenuous and reaching the summit requires a sustained effort that can only be realized through proper training and conditioning.

**What to Expect:** We will be climbing to high elevations (over 20,000 ft.). Your physical conditioning, mental attitude, and flexibility will all be factors in making an exciting, fun, and successful trip. You will be required to carry your share of the group equipment and food while climbing to our high camps. We try to keep this weight to a minimum with the use of burros/horses up to base camp. We are traveling and climbing in a foreign country, and while SWS Mountain Guides makes the best possible plans and tries to account for all possibilities, this is adventure travel and part of the adventure is being flexible, and making changes to the itinerary as needed to account for local conditions. If you keep this in mind you will have an exciting and fun filled adventure!

### **Trip Cost & Dates:**

January 4th-24th, 2017

January 3rd -23rd, 2018

**Price:** Regular Route: \$5,000 based on 6 clients / \$5,500 based on 4 Clients/ \$6,000 based on 3 clients

*Note: Price includes: \$750.00- \$850.00 Aconcagua Permit fees / Price subject to change until booking.*

**Route:** Pricing for Normal Route Expedition. Optional routes are available and are decided by the Expedition team prior to departure. Contact SWS and our guides for options.

### **Level of Experience Needed:**

**Climbers** You must have a basic knowledge and recent previous experience in the practice and use of crampons, ice ax, and winter camping/climbing. It is recommended that you have experience trekking or

climbing above 14,000 ft. If you have questions about the level of experience needed, please give our office a call and we can recommend courses or seminars to prepare you for your trip.

### **Physical Conditioning:**

**Climbers** - Expedition Training; Level IV training required 5 times per week for at least 3 days at 40-60 minutes each session, 2 days at 60 -120 minutes each session, in one of the following categories or mixture of each: running, bicycling, swimming, stair master, ski machines, or other aerobic activities. It is also a good idea to include in your workout some type of flexibility training 3 times a week (stretching for at least 15 minutes). Plan on including weekend training hikes and climbs with your loaded pack for over all conditioning, this is a very important part of your overall training. Other activities which will improve your conditioning for the expedition include; weight training for strength, versa climber, jogging with a light day pack, and running stairs or hills.

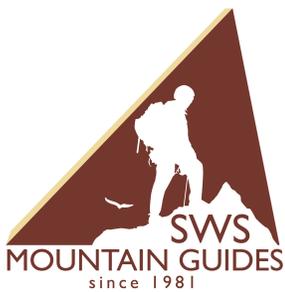

**Acclimatization:** Most climbers don't think they need as much time for acclimation as is scheduled during Aconcagua expeditions. We have found through experience that our schedule is optimum for climbing at high altitudes to keep you both healthy and give you the best chance to reach the summit. Please give us a call if you have any questions.

**Equipment:** Please follow the enclosed equipment list. It is very important you bring everything on the list. If you have any questions or would like to know about a possible substitution, please give our office a call.

**General Precautions for International Travel:** A complete package of Health Information for travel in South America will be sent upon receipt of your deposit. Following the guidelines will the likelihood of keeping you healthy and happy while you are traveling? It is extremely important to maintain your health while trekking and climbing.

**Immunizations:** A recommended list of immunizations for South America will be sent in conjunction with our health information upon receipt of your deposit. If you require this information before making your decision to join the expedition give our office a call. We will be contacting you with any up to date information on Argentina if needed. You can get up to date information at your local Public Health Department along with inexpensive immunizations. If you need immunizations, please get them as soon as possible - some immunizations are given over a period of time. For your health and safety it is very important to have your immunizations up to date.

**Passports and other Documentation:** You are **required** to have a **passport with 6 months prior to expiration**, for travel in Argentina and for entrance back into the United States. Argentina Now requires you to pay for your **Entrance Visa Cost for US citizen is \$140.00 in US funds prior to departing the United States (good for 10 years)**. **Argentina Visa Link:**
